**NEW INTRODUCTION!
PIX AUTOMOTIVE KIT**

PIX-Belt
(Poly or Timing)

Tensioner

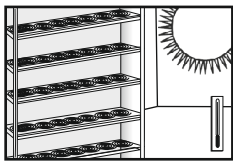

Idler

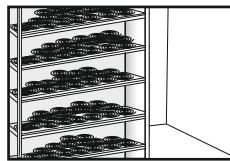

Note:

- MRP is inclusive of GST
- All prices are subject to alteration, without notice
- Products are warranted against manufacturing defects
- This Price List supercedes Price List effective 1st June, 2022

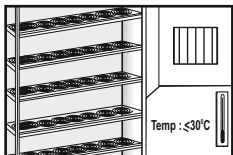

Storage tips for Automotive Belts

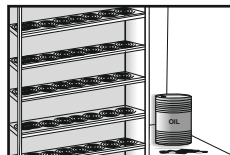

Do not expose the belts to direct sunlight and keep them away from the vicinity of magnetic field generating devices, eg. transformers & motors.

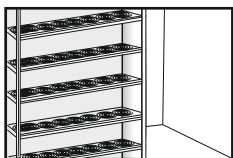

Avoid storing belts in heavily bent or piled condition.

Always keep the belts in cool and dry place.

Keep the belts away from oil, grease and steam.

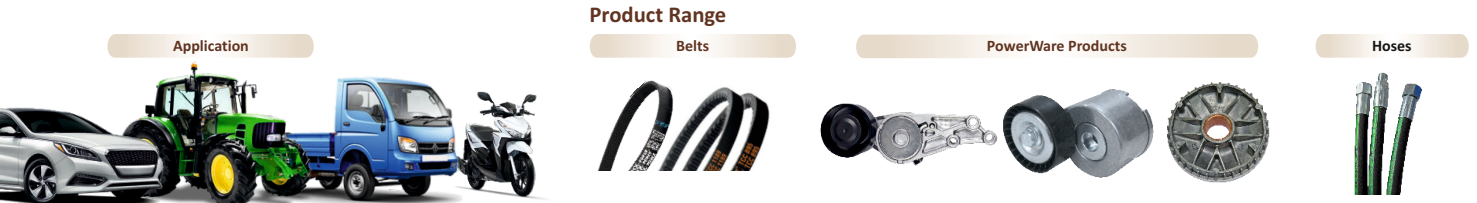

Store the belts in a shelf or hung on racks. Avoid placing belts on the floor.

PIX, the first....

- First to introduce Polyester in V-Belts
- First to introduce Free-set concept in V-Belts
- First to introduce aramid cord V-Belts
- First company in the V-Belt Industry to set up its own Research & Development wing
- First Indian V-Belt company to establish subsidiary offices in UK, Germany and UAE
- First Belt manufacturing company to get ISO/TS Certification
- First to start manufacture of Banded Belts
- First to start manufacture of Dry-cover Coloured V-Belts
- First to start manufacture of Industrial Timing Belts
- First to start manufacture of Poly/Timing Double-sided Timing Belts
- First to start manufacture of V-Belts up to 23 metres in length
- First to start manufacture of Moulded Poly-V Belts
- First company to launch PIX-SprintPro®-Plus, Noise-free, Poly-V Belts
- First & consistent recipient of Export Award for over three decades in the industry
- First V-Belt company to awarded with Trading House Status
- First V-Belt company to own the Logistics Hub

About PIX

- One of the fastest emerging global players in the Mechanical & related Power Transmission products.
- Over four decades of expertise in the manufacturing of V-Belts.
- Power Transmission solution provider for any application any time.
- Extensive range of Automotive Belts for 2&3 wheelers, passenger cars & vans, trucks & buses, electric cars, ATVs, HEMM, helicopter engines, go-karts, snowmobiles, etc.
- State-of-the-art infrastructure for development, manufacturing & testing of products.
- Strong global brand identity.
- High market penetration with subsidiary offices in UK, Germany, UAE and exporting to over 100+ countries across the globe.
- Well diversified in terms of market segment, geography and market / application verticals.
- Suppliers to major OEM's across the world.
